

Erledigt AMD RX580

Beitrag von „Hecatomb“ vom 1. April 2022, 03:38

Ich hab keine Probleme unter Monterey , egal ob ich den Rechner im Sleep hatte, oder nicht. Nutze ne ssdt, ein patch und noch ein Kext.klar bestimmt unnötig alle drei Sachen zu nutzen, aber habs nun mal so zur zeit. muss mal demnächst testen ob ich auch was weglassen kann.
