

[Sammelthread] MacOS Monterey 12.x DEV-Beta Erfahrungen

Beitrag von „fabiosun“ vom 17. Mai 2022, 14:04

[Zitat von ozw00d](#)

[fabiosun](#) but it's not correct. take a look in the differences.pdf from open core. these options are removed and replaced by stupid drivers.

ohhh I have missed this news in OpenCore...and maybe also OCAT should be updated to propose new drivers...
