

Ryzen 5 5600x und RX 6900 xt

Beitrag von „fabiosun“ vom 20. Juni 2022, 08:46

[tackerjim](#) try this EFI

<https://www.hackintosh-forum.de/attachment/196224-efi-zip/>

It is done for a PC like yours

Your platform needs some different things to boot properly, you have also to check your [bios settings](#)
