

Anfrage zu HWC: DELL XPS 13 9343

Beitrag von „cornholioqsm“ vom 8. Juli 2022, 01:57

EDIT... i know that on this laptop is graphic problematic with combination with 1800p screen...same was on big sur...i was unable to run display in normal readable resolution. All was too tinny and display in hw was visible as externally connected 1800p monitor

again thank you and Gute Nacht 😊
