You are welcome 😊

no, my Display is Full hd (1920x1080p). But thats why i'm think u will Need another id

...i must doing something wrong. I can change it to any id, but in hw i can see always same info
- nothing changes. I have tested fake id too (12345678) but nothing...is still visible hd5500,
Device id 0x1626, revision is 0x0009.

...is needed run install again?
