**Bei Whiskey Lake wird die IGPU nicht ganz so einfach sein um Grafikbeschleunigung zu bekommen.**

With Whiskey Lake, the IGPU won't be quite as easy to get graphics acceleration from.

**IGPU** erstmal im Vesa Modus betreiben .

Run the IGPU in Vesa mode for the time being.

**DeviceProperties/Add/PciRoot(0x0)/Pci(0x2,0x0)/AAPL,ig-platform-id Data 87654321**

**For HP** Optional .

**Kernel/Quirks/LapicKernelPanic true/yes**

**UEFI/Quirks/UnblockFsConnect true/yes**
