

Ivy-Bridge Installation {gelöst auf ivy-bridge installation {noch OC 0..6.9}}

Beitrag von „mutterhunt“ vom 29. September 2022, 20:59

B75 chipset @ 3.4ghz

I do a complete re-install with Your EFI but did you didn't had any GTX-970 as Kext with it. I tried the Standard NVIDIA driver and never had a reboot Again.
