

[SUCCESS] Ryzentosh 5900X 580RX B550A [Big Sur ✓, Monterey - IN PROGRESS]

Beitrag von „fabiosun“ vom 12. Oktober 2022, 15:32

I would try before to see if also yours is affected of this serious problem, the or Asus, Gigabyte, ASRock it is up to you the choice

I have had for few time an Asrock x570 Steel legend

Simple to configure

Main thing to consider for a new buy is if the internal lan is working or not with OSX greater than big Sur
