

Ventura auf meinem Laptop installieren? Acer Aspire E5 772-5613

Beitrag von „pegxa“ vom 10. Dezember 2022, 15:26

Leider weiß ich gerade nicht, was ich da genau machen soll 

```
OC Validate ? X
Kernel->Add[3] discovers SMCdellSensors.kext, but its Parent (VirtualSMC.kext) is
either placed after it or is missing!
Kernel->Add[4] discovers SMClightSensor.kext, but its Parent (VirtualSMC.kext) is
either placed after it or is missing!
CheckKernel returns 2 errors!
Completed validating E:/EFI/OC/config.plist in 1 ms. Found 2 issues requiring
attention.
```
