

Radeon RX 5700 XT oft schwarzer Bildschirm

Beitrag von „fabiosun“ vom 17. Dezember 2022, 17:53

[Thunder43](#) you are using old patches (and sorry if you say in your initial post)

I would update to newer one using also all quirk (new one) for them

[config.plist.zip](#)

added new patches for your 8 cores CPU and ProvideCurrentCpuInfo quirk enabled
