

AMD Radeon 6650 XT, 6950 XT und 6900 XTXH ohne GPU-ID Spoofing

Beitrag von „utopia“ vom 5. April 2023, 14:23

First of all, Thank you so much for your work

I have Rx 6650 XT and your kext worked like a charm on the first try,

I'm using Ventura 13.3, and I have no issues at all except my OPENCL geekbench 6 score is around 20000 which seems to be very low.

did I mess something up?
