

Hilfe bei: Hackintosh auf AMD System installieren

Beitrag von „pegxa“ vom 10. Juni 2023, 21:43

Ok i will try.

I will plug in the other monitor now

other port worked for keyboard

but 2nd monitor is black

now I need to drag the EFI from stick to drive right?

[fabiosun](#) [Nightflyer](#) [Hecatomb](#)

aaand i have an ethernet cable plugged in but for some reason I don't have internet
