

OC DELL Latitude E6420

Beitrag von „Mo-5590“ vom 30. Juni 2023, 18:56

Intel wifi integrated on my old pc dell latitude E6420 works on macOS Sonoma:

Great thanks to our friend here in this Forum Hécatomb for his advices

And don't forget also a big big thanks too: all teams and masters of OpenCore, Clover and OpenIntelwifi

Thank you very much
