

Complete installation of Sonoma mac OS 14 Beta - hp ZBook 15 G5 (Intel Core i7-8850H) Workstation

Beitrag von „apfel-baum“ vom 11. August 2023, 22:00

hello [mohammedjasaam](#) ,

congratulations to your first post and build, is it a windows/osx dualboot/tripleboot? if it is a osx boot, so you can delete the microsoft part of the current efi,- and it will fit as attachment.

greet's 😊

edit-

it seems to be a multiboot of osx/windows/kylin
