

Anleitung für Broadcom-WLAN-Patch unter macOS Sonoma

Beitrag von „fabiosun“ vom 11. September 2023, 12:00

I ask a direct question to better understand

Is there anyone who after patching the system with OCLP can get the wifi to work properly with Clover bootloader?

I ask as I can't have success

I'm also asking to see where I'm going wrong if it works for others.

I repeat myself with OpenCore (which is my favorite bootloader 😊😊)

it works perfectly
