

# [AM5] Asus ROG x670E Hero - 7950x

Beitrag von „Yoz“ vom 7. Oktober 2023, 16:24

This light is not on, which means it cannot be installed. My motherboard and processor are too advanced but the graphics card is garbage *2080titan*

*AMD9 7950X, and bootboard is ASUS crosshair 670E, biosversion 1602*

*670E Hero* 😡
