

# MACOS 14 SONOMA BETA

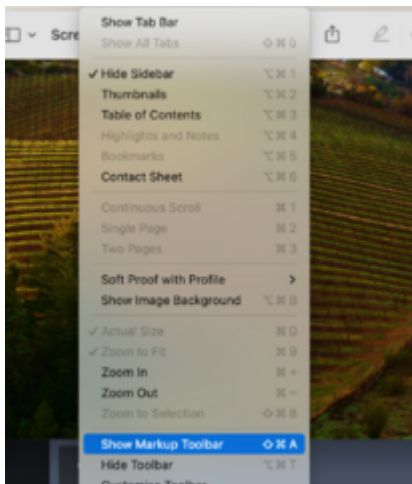

Beitrag von „fabiosun“ vom 18. Oktober 2023, 13:47

Hi to all 😊

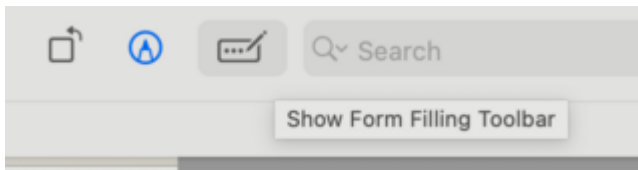

could you test this on an Intel or arm OSX 14.1 RC rig?

open preview app

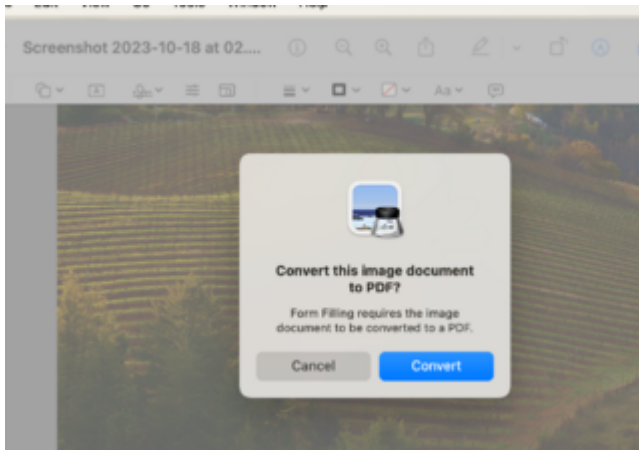

then set from view menu show markup toolbar:

then from toolbar click on Show Form Filling Toolbar:

then on convert button:

and if you like post if it works or not for you:

PS

14.0 and 14.1 B1 and B2 works fine here
