

App startet unter MacOS Big Sur nicht mehr

Beitrag von „Iceman1976“ vom 10. Dezember 2023, 15:48

Naja, von High Sierra bis BigSur läuft ja mein alter Mac ohne Problem, Safari, Bilder Video etc.

Nur diese App IcTrainer eben nicht. Unter High Sierra läuft sie aber ohne Audio/Video Unterstützung.

Folgende Fehlermeldung habe ich noch im ASL gefunden.

```
10.12.2023, 15:38:35 com.apple.xpc.launchd[1]: Coalition Cache Hit:
app<application.com.icTrainer.168145.168152(501)> [729]

macht es Sinn mit einer anderen OCLP Verein eine Neuinstallation zu versuchen. aktuell habe ich schon 1.2.1 verwendet
