

Issues with Dell XPS 13 9343 using OC 0.9.7

Beitrag von „Basti Wolf“ vom 6. Januar 2024, 14:54

[Thatio](#) I've never tried Sonoma with this EFI, because of the issue with the Broadcom wifi cards. In this forum you will find enough information to prepare a working Sonoma EFI. I think to choose a supported smbios for Sonoma would be a great start 😊

Dank dir fürs Verschieben [al6042](#) 😊
