

# ASUS ROG GL7027C , geht das?

Beitrag von „fabiosun“ vom 3. Februar 2024, 22:18

[Zitat von xpkiller](#)

with explorer++ as admin I can edit the EFI

update it (bootloader and kexts with OCAT as advised)

then posti it

Is it a full installer or a recovery installer?

if it is a recovery installer you have also to add a proper kext for your realtek ethernet card (not wifi but ethernet)
