MacOS Ventura Blackscreen

Beitrag von "Fyynnn" vom 13. Februar 2024, 14:00

<u>fabiosun</u>
UEFI On
CSM Off
4G On
ReziseBar on or off?
Ventura isnt working, its the try to install it again on a new SSD. My old SSD was to small an had the problem with the Wlan an Bluetooth, so i gave up. Now I will buy a Broadcom Card Also I have a bigger SSD now, to try it again.
gene-x
Hat leider nix gebracht. Immernoch das selbe Problem.
