

X299 Tutorial - ASUS WS X299 SAGE/10G (Hilfe und Diskussionen)

Beitrag von „danielss“ vom 20. März 2024, 10:02

hi I explained to Asus the damage they did by closing the motherboard support which is still on sale. And they sent me the direct links to the files I write here. Then they reopened the support site and also put some new files in addition to the links
