

AMD Radeon 6650 XT, 6950 XT und 6900 XTXH ohne GPU-ID Spoofing

Beitrag von „fabiosun“ vom 25. April 2024, 18:51

[Scanduz](#) as i said you on an italian forum in a real Mac Pro 5.1 due cpu insdtruction limitation is not possible to have a 6600/6650 on OSX different from Monterey...

I thought i was clear with you in this thing 😊
