

Ventura Sandy Bridge

Beitrag von „Arkturus“ vom 27. Mai 2024, 14:39

du könntest ggf. eine DP Eintrag setzen

The screenshot shows a BIOS/UEFI boot menu with two entries. The first entry is highlighted in blue. The second entry is partially visible below it. The table below represents the data from the screenshot.

	PDR:Info	Key	Info Type	Value
1	PDR:Info(0x0F000000,0x00000000)	1	Branch-Id	Number 12
2	PDR:Info(0x0F000000,0x00000000)
