macOS 15 Sequoia Beta im Test

Beitrag von „Phoenix85" vom 23. Juni 2024, 20:44

1) fix pat , what is ment by this? There are 2 PAT Patches, one by algrey the one I have activated. And another one from Shaneee which is deactivated.

2) leaf7

Disable check to allow leaf7 is enabled for me.

and update all max kernel value

Which all Max Kernel Value?

Under the Kernel -- Patch Section?

And to which version?

Some are on 20.99.99 and some are on 23.99.99

I use OCAuxialliaryTools
