

macOS 15 Sequoia Beta im Test

Beitrag von „ozw00d“ vom 6. Juli 2024, 18:02

[Zitat von griven](#)

That's due to restrictions from Apple regarding "doubts" about the European DMA...

[griven](#) what do you think, isn't it possible to change to a US macOS System and also fake with an VPN where are you living to get these functionality?

European DMA Sucks, na not only but EU bureaucracy sucks in general...
