

Neu-Installation auf B550, Ryzen 5950X mit RX 6900 XT funktioniert nicht

Beitrag von „wolpers“ vom 28. Juli 2024, 19:52

That's both surprising and promising! I'd be happy if even Monterey would install. On my screenshot there are several "service cannot be loaded on current OS variant" errors? What might be the root cause for that? Is there a workaround?
