

Sehr schlechte OpenCL Performance

Beitrag von „fabiosun“ vom 12. August 2024, 16:28

i did what i am saying from my initial post here 😊

disabled a patch used the other 😊

I would like to say you should understand why ACPI method does not work

if you can send an IOREG log without using NootRX (i know no acceleration there)

i see some bridges i do not understand (i am not an ACPI expert so it is my fault) 😊
