

- Atheros chipsets
- Broadcom BCM94322, **BCM94328**

unter Legacy steht sie zwar aber es kann sein das Sie erst mit dem draft 1.70 kommt.

<https://github.com/dortania/Op...-Legacy-Patcher/pull/1137>

This branch continues to be primarily for internal development, and we recommend users not install Sequoia on their devices until the fall when we hope to have a proper release of OpenCore Legacy Patcher with Sequoia support.

- Latest builds for the `sequoia-devel(peek)` branch can be found below:
 - [Nightly link: OpenCore-Patcher.app \(Sequoia Development\)](#)
