

macOS 15 Sequoia Beta im Test

Beitrag von „spacepilot3000“ vom 18. September 2024, 19:38

iPhone Mirroring - Dortania Info:

Non-functional features

On majority of patched Macs, iPhone Mirroring and Apple Intelligence won't be functional.

iPhone Mirroring requires T2 for attestation and Apple Intelligence requires an NPU only found in Apple Silicon, the patcher is unable to provide a fix for these as they're hardware requirements.
