

# Sequoia und Bluetooth

**Beitrag von „fabiosun“ vom 3. November 2024, 18:38**

[schrup21](#) User need airdrop and HAndoff and i think common apple features..so his wifi had to be working for all these features

[tackerjim](#)

Internal BT and PCIe Broadcom bt may differ in USB port they both use

Also, have you conneted USB PCIe Broadcom cable to your motherboard?
