

WLAN - TP Link (AC1900 / Dual Band /WLAN) funktioniert nicht.

Beitrag von „Bob-Schmu“ vom 16. November 2024, 16:49

Installation Anweisung nicht richtig gelesen, wenn ich das erste Bild sehe.

Installation

Note if you have an Apple MacBook/Mac/Mac Pro etc, follow the [Mac instructions](#)

Install one of BrcmPatchRAM.kext or BrcmPatchRAM2.kext or BrcmPatchRAM3.kext depending on macOS version, never both.

- BrcmPatchRAM.kext for 10.10 or earlier.
- BrcmPatchRAM2.kext for 10.11 - 10.14.
- BrcmPatchRAM3.kext for 10.15 or later.
