

Videoperformance wunschdenken oder realisierbar?

Beitrag von „Canyonwalker“ vom 17. Februar 2025, 18:49

Yes, this was my sorrow;{

So there is no real comparison between These two versions on different Hardware possible. Saw in your data, that you have the 6950 two times, do you have any clue how big the influence of the second one is? Possible to give a percentage for the additional GPU?
