EDIT:

Ich sehe gerade, ich habe den AR9287 Chipsatz, nicht den AR9227... Ist die Kext auch für diesen Chipsatz gültig?

EDIT^2:

habe mal den hier probiert: <http://www.osx86.net/files/fil...l-wn851nd-atheros-ar9287/>

Leider auch ohne Erfolg selbes Problem wie oben beschrieben und in der Kext ist die 2d bereits eingetragen)
