

Erledigt

Kurz vor der Eskalation

Beitrag von „skietz“ vom 21. November 2011, 11:05

ich muss gestehen das ich die Anleitung davon nicht ganz verstehe...

Ich habe nun die layout885.xml and Platforms.xml verschoben in
/System/Library/Extensions/AppleHDA.kext/Contents/Resources/
und dann die Kext installiert nach einem Neustart fehlanzeige:(

Vielleicht Hilft euch noch meine Ordnerstruktur, habe ich etwas übersehen?

/System/Libary/Extensions
