last update of El Capitan 10.11.6

Beitrag von „Pietra“ vom 9. Februar 2018, 01:50

Last update of El Capitan 10.11.6 causing kernel panic ... how to solve this problem caused by the last update of 10.11.6 ...?

Beitrag von „al6042“ vom 9. Februar 2018, 07:09

Without knowing which kernel panic you've got, nobody will be able to help you...

Take a photograph with your mobile phone from the kp and send it in this thread as an attachment...
