Nvidia Geforce 210

Beitrag von „Pietra“ vom 8. April 2018, 15:57

the nvidia geforce 210 video card works in High Sierra ..?

Beitrag von „griven“ vom 17. April 2018, 23:34

Depends on...

Some are Kepler based and some are Fermi based. The Kepler based ones will work the fermi based most likely will fail...
