Xiaomi Gaming 2018

Beitrag von „Juka42095“ vom 12. September 2018, 12:14

Hi There, Can anyone write a kext for me to get the touchpad gestures working?
And is my gtx1060 supportet by NvidiaWebDrivers?
And is there a recommend M.2 PCI Wifi + Bluetooth card?

Xiaomi Gaming Notebook (2018):

CPU: Intel i7-8750H 4.1 GHz GPU: Geforce GTX 1060 mit 6GB DDR5
RAM: 16GB DDR4 RAM
ROM: 256 GB SSD + 1TB HDD

Hi and welcome to the forum... 😊

you can find a list of supported Wifi cards under the following link ->
<https://osxlatitude.com/forums...supported-wireless-cards/>

In regards to the Pascal graphic, you should try and see if the WebDriver works for your machine...

Did you check the kexts, which are used on the other Xiaomi Devices?

Beitrag von „Juka42095“ vom 12. September 2018, 13:10

Yes I have checked them... But the gestures wont Work...

Beitrag von „FighterSchrauber“ vom 12. September 2018, 13:16

There is a thread about how to make gestures work, I'll search it and copy the link

Beitrag von „Juka42095“ vom 12. September 2018, 13:17

That would be awesome ♥

What type of trackpad is build into the notebook?

Here is one option for alps trackpads
