

Dell latitude e6520

Beitrag von „Luluuuuu18“ vom 18. Februar 2021, 12:47

Hi !

Here's a presentation of the Dell latitude e6520 :

- Intel i5 2520M
- integrated graphics Intel HD 3000
- 8 Gb DDR3 SDRAM (1333 MHz)
- HDD 500 Gb and SSD 256 Gb (on a device bay replacing the CD/DVD drive)
- Realtek for audio
- MacOS Mojave on the HDD, Windows 10 on the SSD
- SMBIOS : MacBook Pro 8,1
- Clover bootloader

The clover EFI folder will be uploaded later and you could download it if needed. 😊
